NOTE.—The great difference in value of Exports for 1873, as compared with 1871 and 1872, arises from the average value of coffee during 1873 in the local market previous to shipment being taken at £4. 10s. per cwt. for plantation and £4 per cwt. for native, instead of £2.14s. and £2 as heretofore.

The money figures from 1874 to 1885 have been converted from rupees to pounds sterling, at 1s. 10½d. to the rupee; for 1886 and 1887, at 1s. 7d. to the rupee; for 1888, at 1s. 4½d. to the rupee; for 1889 and 1890 it is shown in rupees; prior to 1874 at 2s. to the rupee.

CLASSIFICATION OF REVENUE.

1.—Customs.

Imports.—These duties are collected under and agreeably to the directions of the Ordinances 17 of 1869, 14 of 1871, 39 of 1884, and 5 of 1892.

Exports.—Under Ordinance 22 of 1877 a royalty of 25c. is levied on every hundredweight of plumbago, and under section 10 of Ordinance 10 of 1891 a royalty of Rs. 200 is levied on each elephant shipped from this Island to any place beyond the seas. A duty on hides and horns of spotted deer and sambur is levied under Ordinance 11 of 1891. A royalty on all chanks entered for exportation is levied under Ordinance 18 of 1890 and Notification dated August 26, 1891.

2.—Port, Harbour, Wharf, and Lighthouse Dues.

Port Dues are levied at all ports, except Colombo, under the Ordinances 17 of 1869 and 14 of 1871. The rates are 8c. per ton inwards and 8c. per ton outwards on loaded vessels. At Colombo, Harbour Dues are levied under Ordinance 6 of 1875, section 8, and Proclamations of November 7, 1882, May 6, 1885, March 24, 1887, and November 18, 1887, on ships entering the port, on ships discharging or loading cargo, and on Imports and Exports. Under this head are also brought to account receipts for the hire of Government boats and moorings, and half pilotage fees recovered under the Ordinance 6 of 1865. For Colombo Harbour a special tariff for pilotage was published under Proclamations dated June 12, 1884, March 20, 1886, and January 19, 1892.

3.—Excise, License, and Internal Revenue not otherwise classified.

Excise.

Salt.—The salt revenue is a Government monopoly; but in the Jaffna District of the Northern Province the monopoly is occasionally rented out annually; the renter who purchases the monopoly of the retail sale being supplied by Government with salt at 40c. per cwt., which he is allowed to retail to the public at Rs. 2·24 per cwt.

Arrack, Rum, and Toddy.—The exclusive privilege of retailing spirits distilled from the palm tree, and arrack rum, and toddy, generally farmed in the several Provinces—regulated by the Ordinances 10 of 1844 and 13 of 1891.

* *Duty on Arrack and Rum Stills.*—Under this head are brought to account sums received for licenses issued to distillers of and wholesale dealers in arrack and rum, under the Ordinances 10 of 1844 and 13 of 1891. The license is granted by the Government Agents on the payment of the sum of Rs. 100, and is in force from the date of such grant until the 31st day of December next thereafter.

Licenses.

† *Opium.*—Rs. 50 for a license to possess opium, Rs. 250 for a license for selling opium and bhang by wholesale, Rs. 200 by retail in Colombo, and Rs. 100 elsewhere. The fees are levied under Ordinance 4 of 1878.

‡ Stamp duty on professional and trading licenses is also included under this head.

Licenses to dig Plumbago.—The lessee pays for a lease of one acre for the term of one year the sum of Rs. 10 in advance, and further one-tenth part of all plumbago dug on the premises demised during the continuance of the lease, or a sum equal in value to such proportionate amount. Such further sum to be paid on or before the day of expiry of the lease. This amount is collected by the headmen.

Land Revenue.

§ *Rent or Tax on Paddy.*—The receipts classed under this head are derived from the rent or tax—usually one-tenth or one-fourteenth—of the produce of all lands cultivated with rice. In the Western and Southern Provinces the share of the produce of rice lands payable as rent or tax is, however, in many cases, one-half or one-fourth, and sometimes one-third, one-fifth, one-eighth, and one-twentieth; the differences in the rates being due to the different circumstances under which the particular lands were granted by successive Governments. Under the Dutch a large area of rice land was held in return for personal services under the title of "accommodessans"—a tenure which was commuted by the Proclamations of September 3, 1801, and April 22, 1803, for a tax of one-fifth of the produce. In the Provinces which formed the old Kandyan kingdom the tax is universally one-tenth or one-fourteenth, and is levied under the authority of the Proclamation of November 21, 1818. The tax in the Sinhalese maritime provinces was, until the passing of the Ordinance No. 11 of 1878, farmed under the provisions of the Ordinance No. 14 of 1840 to renters. In the Northern and Eastern Provinces, under voluntary agreement with the cultivators, a money payment replaced the tithe to some extent. Since the enactment of Ordinance 11 of 1878 the tax has been commuted for a money payment throughout the Western, Southern, and Eastern Provinces. In the Northern Province the farming of the tax and the voluntary commutation continue side by side. In the Kandyan districts, consisting of the Central Province and the Province of Sabaragamuwa, the Kurunégala District of the North-Western Province, the North-Central Province, and the Province of Uva, the tax was in the early times of the British occupation collected in kind: this system was replaced between the years 1827 and 1832 by a voluntary commutation for a money payment, which, however, was not renewed in the North-Western Province after 1832, or in the North-Central Province after its separation from the Northern Province. In the two last-named districts the tax is now farmed. The greater part of the Central Province, the Province of Sabaragamuwa, and part of the Province of Uva have been recently placed under the provisions of the Ordinance No. 11 of 1878. Part of the Central Province is voluntarily commuted, and in part of the Province of Uva the tax is now farmed.

---

* The duty is recoverable in stamps under the law, and is consequently accounted for under "Revenue Stamps."

† Under the provisions of the Ordinances 17 of 1865, 7 of 1876, and 4 of 1878, the collections within Municipal towns and in towns in which Local Boards of Health and Improvement have been established have been transferred to the Municipalities and Local Boards.

‡ Under the provisions of the Ordinances 17 of 1865 (section 60) and 7 of 1876, the Stamp Duties on certificates, &c., of Proctors and Advocates have been transferred to the Municipalities and to Local Boards of Health and Improvement.

§ The rent or tax on paddy has been abolished by Ordinance 4 of 1892, which came into operation on December 31, 1892.

Royalty on Cabook Stones, &c.—A payment of Rs. 3·75 is levied on every 1,000 cabook stones cut from the Government pits in the Districts of Colombo and Negombo; of 50c. per 100 cubic feet of sandstone quarried between Hendala and Pamunugama; and 3c. on every cart load of white sand removed from the Maradána cinnamon gardens.

Rents exclusive of Land.

This head embraces the amount for which the Government farms out the privilege of collecting the tolls leviable at the different roads, bridges, ferries, and canals, and the lock at St. Sebastian, under the Ordinances 14 of 1867 and 12 of 1887.

Stamps.

Proceeds of stamps for various revenue services are included under this head, and also composition duty on bank cheques.

Fines and Forfeitures.

This head includes the amount of fines levied and the proceeds of articles confiscated to the use of the Crown by orders of the Courts of Judicature, as also occasionally sums realized by the seizure of crops grown on Crown lands without permission, and confiscated timber removed without license.

HIS EXCELLENCY is also pleased, on the recommendation of the Superintendent of Wrecks, to approve of the following Regulations for the guidance of Receivers :—

1.—*Receivers will bear in mind that the principal object of the Ordinance 5 of* 1861, *and of their appointment thereunder, is*—

1st—The rendering of assistance.
2nd—The protection and preservation of wrecked property and the restoration thereof to the owners.
3rd—The protection of the Customs revenue.
4th—The settlement of salvage claims.

The provisions of clauses 3, 7, 8, 14, 16, 17, 21 to 27, and 31 to 32 give them full powers to carry out these objects.

2.—*Inquiries into Wrecks and Casualties at Sea, clause* 3 ; *Ships in distress, clause* 14.

In making these inquiries the officer will remember that he is exercising a highly important function, and that his report may be the foundation of proceedings deeply affecting the interests of individuals. He must therefore most carefully endeavour to arrive at the truth, and should especially direct his attention whether the casualty happened from avoidable or unavoidable causes,—particularly as to the (*a*) unseaworthiness or insufficient equipment of the ship ; (*b*) insufficient or improper manning ; (*c*) improper loading, overloading, bad stowage ; (*d*) misconduct, incompetency, or neglect of master, officers, or crew ; (*e*) ignorance of lights, or navigation of the coast ; (*f*) neglect of heaving the lead.

3.—*Custody of wrecked property, clauses* 9, 16, 17, *and* 18.

Clause 9.—This clause refers to property recovered from a ship wrecked or in distress at the time of wreck or casualty, and the object of its provision is to secure the property in the confusion which attends a shipwreck ; to protect the Customs' revenue ; to provide for payment of fees, expenses, and salvage claims. But if the master, or if the owner, or any duly appointed agent of owner or master is in possession, and is able to take and keep custody of the property, and if all claims are paid or provided for by proper security, the Receiver need not take possession or detain the property, but he will offer his services and render such assistance as may be required.

Clauses 16 and 17 refer to wreck saved or taken possession of at any other time.

Clause 18.—This notice should be given when the wreck in custody exceeds the value of Rs. 50, and the particulars of all articles taken possession of by the Receiver will be entered in the Report Book No. 1, per form annexed.

4.—*Wreck arrested by order of Court of Law.*

When a derelict ship in the custody of a Receiver, or other wrecked property detained by the Receiver for the payment of salvage, is arrested by virtue of a warrant or other instrument of Court, the Receiver should not give up the claims to fees and to any expenses he may have incurred, but should send a copy of his account to the person taking such charge, giving notice of his lien, and that the property must not be restored until the amount of his claims be paid. A copy of the account and notice should also be forwarded to the Registrar or Secretary of the Court issuing the warrant ; and in the event of property being restored without payment of Receiver's claims, he should report the circumstances to the Superintendent of Wrecks, and should resume possession of the property until his claims are satisfied.

5.—*Sale of Wreck Property, clauses* 19, 27, *and* 28.

Clause 19 provides for the disposal of wreck of small value, derelict, flotsam or jetsam, so constantly found on the coasts of this Island ; and should the Receiver find it necessary to sell property under the provisions of clause 27, he will, if the property be claimed, endeavour in doing so, if possible, to act in concert with the owners and insurers.

All sales of importance and value should be advertised in the *Gazette* and local papers ; and notice of intended sale affixed at the Custom House of the Port. The account of wreck sold is to be made in form No. 3 (annexed).

6.—*Salvage clauses* 21 to 26.

The decisions of questions as to salvage, if the parties cannot agree, must be determined by the Court having jurisdiction in that behalf ; but the Receiver has important duties in endeavouring to settle salvage claims amicably, in providing for what may be due by detaining the property saved ; in releasing the property on proper security being given ; in selling the property, when necessary, to satisfy the claim of salvors ; and in apportioning money paid in satisfaction of such claims ; and the Receiver will recollect that, whilst providing for the claims of *bonâ fide* salvors, he must, as far as he can, protect property against vexatious and improper claims.

The essentials of salvage service are—(*a*) the degree of danger from which the lives of property are rescued ; (*b*) the value of the property saved ; (*c*) the risk incurred by the salvors ; (*d*) the value of any property by the use of which the services are rendered, and the danger it was exposed to ; (*e*) the skill shown in rendering the service ; (*f*) the time and labour occupied.

The salvage should be in proportion to the use of these essentials ; but where scarcely any, or only the last exist, and the same is little more than mere work or labour, it should be rewarded accordingly.

The amount of reward should not however increase in direct proportion to the value of the property ; and as a general rule it may be borne in mind that the Courts of Admiralty very seldom, if ever, give more than one-half the value of the property saved.

7.—*With a view to encourage salvors and finders of unclaimed wreck and drift goods sold and taken charge of by Receivers under provisions of clauses* 19 *and* 28, *the following rewards may be given, viz.:—*

Upon the net value of property of Rs. 25 or under (two-thirds) - - -	$\frac{2}{3}$
When it exceeds Rs. 25 and under Rs. 50 (one-half) - - - -	$\frac{1}{2}$
When of Rs. 50 and above (one-third) - - - - - -	$\frac{1}{3}$

8.—*Delivery of Property to Owners.*

On payment of all sums due for salvage, duties, fees and expenses, the Receiver will deliver up all property which comes into his possession or custody, and the proceeds of such parts of it as may have been sold, to any person who proves himself to the satisfaction of the Receiver to be the owner of such property, or agent duly appointed by him, taking receipts for the same. The owner of the ship being responsible for the cargo, and the master of the ship having, as the servant of the owner, the legal custody thereof, the Receiver will treat the master, when present, as the agent of the owner—not only of the ship, but also of the cargo ; unless and until it is clearly proved that the owners of either have put an end to such agency.

9.—*Accounts and Returns.*

The Receiver will keep a Report Book according to form No. 1, in which he will enter the particulars of every description of article taken into his custody. The reference numbers are to commence with No. 1 on January 1 of each year.

REVENUE OF 1892 AND 1893.

Remarks.
Larger importation of grain. Less importation owing to large stock in first hands. Decrease due to a larger importation of spirits, &c., in 1892 to avoid increased rates of duty levied from 1893. Larger exportation in 1893. Decrease due to a larger importation of kerosine oil and tobacco in 1892 to avoid increased duty levied from 1893.
Less plumbago exported owing to fall in market price. Larger exportation in 1893 and increased export duty.
Decrease in exportation.
Increase due to a larger number and tonnage of ships calling at Colombo.
Decrease owing to sales to dhonies having commenced late in the year in the Southern Province. Prompt payment of instalments and larger amount realized by the sale of arrack rents.
Licenses are now issued on stamps instead of on cash payments.
No licenses are now issued.
Toll rents fetched higher prices than in 1892.
Decrease due to the abolition of the Paddy Tax.

1 The duties of the Attorney-General are not clearly defined, but are in many respects analogous to those of the Attorney-General in England, though in some respects they resemble those of the Lord Advocate in Scotland. He acts as Legal Adviser to the Executive and every Department of Government. All Contracts and Deeds affecting the Government are prepared or settled by him; and he prepares all the Legislative Enactments of Government. He acts as Public Prosecutor, and instructs Magistrates in Criminal proceedings. All informations in the Supreme or District Courts run in his name, and he, or some one deputed by him, appears for the Crown in most civil cases.

RETURN OF MANUFACTURES, MINES, AND FISHERIES.

N.B.—There are few regular manufactories, mills, &c., in Ceylon, those entered in this return being, with the exception of the steam engines, sugar mills, and a few of the oil mills, of a very simple kind.

There is also no regular yard for shipbuilding in the Island; small sloops and schooners are, however, frequently built and launched locally.

RETURN OF PRISONS AND PRISONERS.

Replies to the Questions, compiled from the Returns of the respective Superintendents.

QUESTION I.

If the prison is on the separate system, is the separation complete? And if not, what is the separation enforced by day and night, respectively?

All the penal stage prisoners of the Island if sentenced to over a month are passed through one of the following jails:—Welikada, Kandy, Jaffna, Kurunegala, Ratnapura.

In these jails the penal stage prisoners are worked on the separate system. They are confined in separate cells, and are worked in stalls. They are marched from their cells to the stalls in single file three paces apart, and are not allowed to speak or communicate with each other at all. Prisoners not in penal stage are not worked on the separate system.

QUESTION II.

If not on the separate system, what provision is there for the supervision of the prisoners while in association?

The males are supervised by male officers of various grades, and the females by matrons, in all jails.

QUESTIONS III. AND IV.

How many cells are there; and how many associated wards? Taking the *average* number of prisoners in jail, how many cubic feet of space are there for each prisoner during the hours of sleep?

This penal labour is enforced during the penal stage and also in the cases of prisoners reduced to the penal stage as a punishment.
